Proof Of Wanta Reagan Mitterand Protocol

Supreme Court Chief Justice John G. Roberts was (and is still) a material witness on behalf of a United States Secret Service Agent known as Leo/Lee Emil Wanta. And a strange thing happened on the way to the Forum, Brutus – I mean Supreme Court – this week.

Readers of Americans: Wanta Be Free will recall that in Chapter Three, I made reference a Writ of Certiorari and provided a direct link to an email from Wanta to President Barack Obama telling him of Wanta's Wisconsin sting operation and his Petition for a Writ of Certiorari (the Petition and the Writ are two different things):

Under "Other Documents" (access to a file pops up when you place your cursor over Chapter Three), a copy of the Supreme Court Appeal (the Certiorari) is made available. I must have been having one of my recognition moments because that barely happened two weeks ago and today a major news event you will never hear from the mainstream media brought the Certiorari front and center.

I have searched for a Supreme Court response to that case filed for Wanta by his attorneys, Steven Goodwin and Tom Henry, more times than I care to admit. It was not online. Today, October 19, 2012, I received an enthusiastic telephone call from Ambassador Wanta. A third party was on the telephone with us... a friend from Montana, George. George had found a Supreme Court response to the Wanta Certiorari – yes, the same one filed ten years ago. Yes, the same one Wanta had been told was diverted and not given to the Court. "They" told him it was being re-submitted and would be heard in special session. Then Tom Heneghan came out with an announcement in his Newsletter that the Supreme Court had gone into a special night session to discuss the Wanta-Reagan-Mitterand Protocols. Apparently, they could not discuss the Protocols without bringing some kind of end to the Certiorari.

The Supreme Court Appeal was filed by Ambassador Leo Emil Wanta, Plaintiff, vs. Secretary Richard G. Chudnor, Wisconsin Department of Revenue, et al. There were other parties listed as Respondents and they included James E. Doyle, Attorney General of the State of Wisconsin, Douglas Haag, Former Assistant Attorney General of the State of Wisconsin, Grant C. Johnson, United States Attorney for the Western District of Wisconsin, Jack C. Voight, Wisconsin State Treasurer, Judith Coleman, Clerk of the Dane County Circuit Court in Wisconsin, United States Attorney General John Ashcroft, and United States Treasury Secretary Paul H. O'Neill.

There are some questions that need to be answered regarding the "newly-found" Supreme Court decision regarding Case No. 02-1263... the Certiorari.

1. Did Chief Justice Roberts acknowledge his working and Presidential relationships established when he worked as legal counsel for President Reagan at the White House? Those relationships involved Secret Agent Leo Emil Wanta and are documented by the Reagan Library. The documents at the Reagan Library include two notes to White House Chief Counsel Fred Fielding regarding Leo Wanta (5/30/1984) and other correspondence involving secret agent Leo E. Wanta on May 29, 1984, May 31, 1984, etc. The files released by the Library include F06-007 and F05-139/01. There are others dealing with Wanta's suggested appointment as Inspector General at the Department of Defense, correspondence to John Roberts about Leo Wanta from the President's office, etc.

2. Did Chief Justice Roberts Recuse himself from the Decision the Supremes now say was made during their Judicial Conference of May 2003?

I personally, will probably never believe the Supreme Court made this Decision in May of 2003. I believe a Decision had to be made before information regarding the Protocols – as reported by Tom Heneghan – could be presented to the Supremes. I know how many times I've looked for a Supreme Court Decision regarding No. 02-1263 and I know it was not previously available – until George found it on October 18, 2012.

The Petition was denied – but that's not the important thing. Take a look at the Title in the actual document, shown below. "Leo Wanta, Somalia Ambassador to Canada and Switzerland..."

The Supreme Court of the United States of America has, via its Decision, given credence to Leo Wanta's heretofore "claimed" status as an Ambassador to Switzerland. The question as to whether Leo Emil

Wanta was entitled to Diplomatic Immunity when he was arrested in Lousanne on July 7, 1993, has been answered, Yes. He definitely was entitled to Diplomatic Immunity – and the Swiss did not provide it – and that prevented Americans from the benefits of huge sums of money Wanta had generated for his country. That is where the legal problems that followed his Swiss arrest began and this recognition pulls apart – one stitch at a time – the carefully woven lies of the Lousanne, Switzerland and Madison, Wisconsin, courts in their ongoing effort to keep Wanta from gaining access to his funds needed to rebuild his nation.

Here's a Breaking News Story you won't get access to anywhere but here. See the Decision, below. No. 02-1253

RE: High Speed Rail, Ambassador Leo Wanta

Dear President Trump:

Please be advised that I, Jan M. Heger Esq., am former Counsel to Ambassador Lee Wanta for many years and am now retired. I have never in the history of practicing law for over 40 years met an individual who I admire, respect and trust more than Ambassador Wanta, who an officer of the United States as was appointed by President Reagan. He has honorably served the United States of America during our time of need and in my opinion should receive the Medal of Honor for his service during the cold war. Instead he has been abused by the legal system and/or the Deep State for doing his best and succeeded admirably to protect and defend the United States of America during the cold war, a specific secret task and treaty awarded to him by President Reagan in order to destabilize the Soviet Union. As you may be aware he has written a book which provides much of the proof and information you may need.

Trillions of US Dollars were made during this operation which were to be returned to the US to pay off the debts of United States less a percentage of earnings that were agreed to be paid to him personally. Instead he was unlawfully incarcerated and prosecuted here in the United States for crimes he never committed ie Tax Evasion by the State of Wisconsin most likely caused by the so called Deep State. I personally was in possession of two copies of cancelled checks made payable to the State of Wisconsin noting the payment of taxes which were cashed by the State of Wisconsin. As such, it was absolutely impossible for that tax crime to have been committed or to have occurred.

High Speed Rail

I believe you have heard of Heger Realty or JW Heger Company one of the largest Industrial Real Estate Companies in Southern California solely owned and operated by my father Jack W. Heger, now deceased. He was the President of the US Industrial Real Estate Association for many years and his clients included Southern Pacific Railroad and many Fortune 500 Companies. The high speed rail Ambassador Wanta is proposing would be a tremendous infrastructure project for the United States and would necessarily employ many US citizens. It is about time that this country have what other countries have ie a High Speed Rail. I cannot recommend more highly Ambassador Lee Wanta who is willing, once again, to serve the United States and to use his own hard earned funds in the process. Should you need further information, please do not hesitate contacting me at 949-295-2444 or by email at [Hegerlaw@outlook.com](mailto:Hegerlaw@outlook.com). Thank you for your kind attention to this matter.

Respectfully yours,

Jan M. Heger Esq.

In the matter of : WAR ON TERRORISM, FINANCIAL FUNDING, ETC.

Dear Gentilepersons:

Over the past several months and sadly years, detailed information – including HEAVY FINANCIAL MATERIAL and BANKING LEDGERS [ off balance ] - had been submitted to the Intelligence Community and your good offices, by responsible and accredited parties, which our USGovn INTEL.ops included:-

Gatar, United Arab Emirates, United Kingdom, Iraq, Iran, Malaysia, State of Israel, North Korea, South Korea, Indonesia, Thailand, Burma, Vietnam, Saudi Arabia, Hungary, Austria, Portugal, Panama, Honduras, Philippines, Japan, Aruba, Seyselles Islands, Argentina, Venezuela, Chad, Costa Rica, El Salvador, Guatemala, India, Italy, Sweden, Estonia, Greece, Malta, Pakistan, Vanuatu, Belize, Nicaragua, Macao, Brasil, South Africa, Angola, Germany, North and South Yemen, Bahrain, France, Holland, Norway, Spain, Switzerland, Mexico, Canada, Ireland, Somalia, Hong Kong, USSR/Russian Federation, People's Republic of China, Republic of China and a host of other nations; IDEA : ASK WISCONSIN TO OPEN "SEALED FILES & PASSPORTS"

**HAVING SAID THAT**, today I am copied{see attachment} a letter from Attorney Patricia Cameron, a former AUSA with AG Richard Thornburgh, to another former AUSA Thomas Eugene Henry, advising him that this SENSITIVE and CONFIDENTIAL financial informational documentation, facilitated via INSLAW/PROMIS software is STILL being held by Counsel Jan Morton Heger – working as before with Vice President Richard Cheney, DCI George Tenet, et al – is in a unprotected " garage " in California.

THEREFORE, it should be obvious to responsible AMERICANS that the these financial transactions, beneficiaries, banking coordinates, programmes, inter alia SHOULD BE HIDDEN in a "GARAGE", rather than to be used to protect our Great Nation, hmmm.

Thank you for your valued consideration.

  
Ambassador Leo E Wanta

2- This high speed Maglev railroad system would have provided fast emergency transportation for all the citizens in the path of recent hurricanes who need to evacuate. He had plans for citizens to park along the Maglev Railroad in such times of weather disasters and be quickly transported to safety. Automobiles would be parked on the highest ground and Shuttle buses would be used to transport evacuees to boarding points all along the Maglev System.

3- This Maglev System was all set to go, with a workable disaster evacuation plan, construction contracts ready to be signed and activated, and construction could have began immediately upon access to his funds. This would have provided an immediate 2 million good paying job opportunities with free travel for any veteran, or any active service soldier and their family.

4- Construction of this Wanta designed high speed Maglev railroad in America would have resulted in the re-industrialization of America, and would have brought America into a new found economic prosperity.

5- Small towns along the routes would have been transformed into economic dynamos with new hotels, resorts and lots of spin off business. Whole new business corridors with millions of new jobs would have quickly risen up.

6- Wanta's plans were based on his strong commitment to provide inexpensive high speed transportation for all Americans who could then afford to take vacations without having to fly or drive.

#### Conclusion

**Sadly, this blocking of Lee Wanta's access to his vast fortune has deprived all Americans of a vast array of economic and social benefits.**

This is what happens when a rogue illegal narcotics cartel (the BCC and the BT/RKMWCOL) hijacks the CIA for use for serious organized crime, and then uses so-called "nation security" to cover-up and then proceeds to corrupt every level of the USG including the Congress, the Judiciary and Law Enforcement.

This Crime Cabal that hijacked the USG is asset-stripping so much money for its nefarious purposes and personal profits for its crime kingpins, that it will soon transform Amer into a dirt-poor, third-world nation.

***A much better option is for the honest military to rise up and prosecute this large crime cabal of satanic pedophiles and world's largest drug dealers and give them a quick 3-day military trial and dispense final justice.***

So now, because of all this endemic corruption and the denial of Lee Wanta from the trust containing his money (which has never been in dispute), many of the folks in Florida cannot get out. If the Hurricane path goes in their direction, this could cause a lot of needless deaths and injuries.
